## WorkFit-A Sit-Stand Workstation

### Highlights

#### For Computer Users

- Enjoy standing or sitting as you work, switching positions whenever you choose. This work style encourages healthy movement throughout the day
- Safe, easy-to-use—simple installation and effortless operation
- Easily and simultaneously lift keyboard and LCD screen to proper height for unsurpassed ergonomic comfort
- Patented Constant Force™ lift technology provides fluid, one-touch adjustments of the keyboard and monitor positions for personalized computing

#### For IT and Facilities Staff

- Flexible, open-architecture design is scalable for future computer equipment
- Modify existing office spaces or cubes by simply clamping a WorkFit-A on an existing worksurface, without the cost of expensive professional installers
- Safe and neat routing of cables

#### For HR/Risk Management and Company Cost Savings

- Promote wellness in the daily work routine
- Provide standing work platforms for employees without having to buy expensive height-adjustable chairs

### Sit-stand for wellness and productivity!

Ideal for corner workstations, the WorkFit-A clamps to the rear or side of most surfaces and enables an effortless sit-and-stand work style.

Encourage healthy movement throughout the day—change from a sitting to a standing position whenever you want. This height-adjustable workstation moves your keyboard and display in one simple motion, making computing comfortable for prolonged periods.

- ① Provides up to 20" (51 cm) of smooth vertical adjustment, which allows working in either a sitting or standing position. It also can accommodate the heights of multiple users who may use a single workstation.
- ② The large, single-piece keyboard tray accommodates most keyboards and mousing devices. Its 3°-upward tilt ensures wrists remain in a neutral position during data entry, preventing repetitive stress-injuries while increasing comfort and productivity. When not in use, it flips up 90° to save space.
- ③ Cable management clips on the underside of the arm route and hide wires. Cables can be further concealed through the system's post, exiting out the back near the base.

- ④ Ideal for corner workstations, the WorkFit-A clamps to the rear or side of most surfaces. Grommet mount available as optional accessory.
